2009-2010 Studio Fall Tuition

Receive one month's tuition free when you pay for the entire dance year.

Family Registration Fee - \$25.00/year

One – Forty-Five Minute Class - \$35.00/month

One – One-Hour Class - \$40.00/month

One – One-Hour and Thirty Minute Class - \$50.00/month

Mini Troupe - \$65/month Jr. Company & Company - \$70/month

Note that family tuition for siblings or a child taking more than one class is figured by taking the class that cost the least each month and dividing that amount by two. Add those values together and that is your monthly family tuition.

For example: Two children taking a dance class with one child taking a forty- five minute class that cost \$35.00/month and the other child taking a one-hour class that cost \$40.00/month, you would divide the \$35.00/month by two so that the Family tuition would be \$57.50/month instead of \$75.00/month.
